GTA 6 cheats: what exists so far

Free printable cheat sheet · **v1 · 19 Nov 2026** · cross-checked, only codes at least two sources agree on

Cheats exist, but only after you finish the main story (all 91 story missions, per PC Gamer). Each cheat unlocks through a challenge. Enter a code: D-pad up for your phone, hold L1 + R1 on the home screen, then enter the D-pad code (Polygon tested PS5). Using a cheat disables saving for the session and achievements (Polygon). **Save first.**

Confirmed codes (printed identically by PC Gamer and Polygon): 6. Codes only one outlet prints are left out. Updating as more is confirmed.
