GTA 6 mission checklist

Free printable tick-off list · **v1 · 19 Nov 2026** · updating as outlets confirm more

> **Warning: Tourist Trap is the Chapter 1 point of no return.** VGC says Tourist Trap, Home Sweet Home and Discharge Time run back to back. Once you start, you cannot roam as both Jason and Lucia for several hours of Chapter 2. Finish what you want in Key Lento first and **save manually**. What is confirmed today (19 Nov 2026): PC Gamer counts **91 story missions in 5 chapters**. We list 89 of those 91 by name: 88 appear in both PC Gamer and GamesRadar+, and one (Chapter 1, Don Gone) is named by VGC only because the other two hide it. **2 mission names are withheld** by the outlets for spoilers, so they show as blanks here. GamesRadar+ also marks 3 extra missions as Optional; PC Gamer leaves them out of its 91. Names contain spoilers, so the web page folds Chapters 2 to 5 away; this printout shows everything.

Optional and time-limited missions (one community source)

Reported by The Games Wiki only (a community wiki). We could not confirm these in a second outlet, so treat them as likely, not certain. The wiki says there is no mission replay, so hourglass missions are best done when they appear.

- ☐ Steal the Scooter (Chapter 1, optional; lost when Tourist Trap starts)
- ☐ Race Against Yago (Chapter 3, optional, hourglass, time-limited)
